

SEVERE RHEUMATIC
PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness, and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys and skin are too torpid to carry it off.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and at the same time improves the digestion.

Get Hood's Sarsaparilla to-day. Sold by all druggists.—Advt.

HOW TO SUCCEED

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. From the very beginning the proprietors had so much confidence in it that they invited everyone to test it.

It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers, who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by parcel post.

Regular sizes for sale at all druggists—50 cents and \$1.00.—Advt.

OPEN ON
MONDAY

Entire 12 Reserve Banks
Will Be Ready for
Business

ALL ACCEPT NEW
ACCOUNTING SYSTEM

They May Eventually Take
Over the Clearing
Houses

Washington, Nov. 10.—All the twelve federal reserve banks will open and be ready for business on Monday, Nov. 16. All have accepted the new accounting system suggested for their use by the federal reserve board and it is believed that such business as the banks will attempt to do at first will be transacted without a hitch. The regional banks will be ready on the day they open to rediscount commercial paper, to issue federal reserve notes and to receive checks drawn upon banks in their respective districts. Many national banks, particularly in the west, desire that the federal banks shall begin to clear checks at once, but this line of business will not be attempted at the start. The Boston clearing house is likely to be taken over by the federal bank in due time. Chairman Curtis has intimated unofficially to the federal reserve board that such action would be agreeable to Boston bankers. It is expected that in time all the clearing houses will turn their business over to the government banks, in the interest of economy if not of efficiency.

GREAT HARVEST FOR
THE UNITED STATES

Corn Leads with Estimated Yield of 2,695,002,000 Bushels—Wheat 891,950,000 Bushels—All but Three Other Crops Far Ahead of Last Year.

Washington, Nov. 10.—A report issued yesterday by the department of agriculture placed the production of corn in the United States this year at 2,705,000,000 bushels, against 2,446,000,000 bushels in 1913, 3,124,746,000 in 1912, 2,531,488,000 in 1911 and 2,286,280,000 in 1910.

The yield per acre this year was 25.8 bushels, against 23.1 bushels in 1913 and a 10-year average of 26.7 bushels.

The quality of this year's corn crop is placed at 85.1 compared with 82.2 a year ago.

The amount of the 1913 corn crop on farms on Nov. 1 is estimated at 3.3 per cent—30,000,000 bushels—against 4.4 per cent—137,372,000 bushels—the 1912 crop on farms Nov. 1, 1913.

QUIT MEAT IF YOUR
KIDNEYS ACT BADLY

Take Tablespoonful of Salts if Back
Hurts or Bladder
Bothers

We are a nation of meat eaters and our blood is filled with urea acid, says a well-known authority who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning, and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Advt.

NEUTRAL TOBACCO SAFE.

Great Britain Officially Assures United States There Will Be No Interference.

Washington, Nov. 10.—Great Britain yesterday gave the United States official assurance that shipments of tobacco in neutral bottoms destined to any country in Europe would not be interfered with.

NEURALGIC PAINS

Among the causes of neuralgia the most important is the general physical condition of the patient. Neuralgia is most common in persons reduced in strength by over-work or some form of over-exertion, physical or mental, or by loss of sleep. Anemia, or lack of good, red blood is a common cause of neuralgia. The reason for this is plain. The nerves get their nourishment through the blood. When the blood is thin and weak the nerves are badly nourished, they become inflamed and neuralgic pains are produced. These pains have been described as "the cry of a starved nerve."

Hot applications to soothe these inflamed nerves and Dr. Williams' Pink Pills to build up the blood and carry the needed elements to the nerves is the correct treatment and one that has brought good results in so many cases that it is no longer an experiment. Headache, backache, sleeplessness, nervous debility, nervous breakdown, St. Vitus' dance and the functional forms of partial paralysis show good results under the tonic treatment with Dr. Williams' Pink Pills. Send today for the booklet on Nervous Disorders to the Dr. Williams' Medicine Co., Schenectady, N. Y. It is free.

GODDARD WAS
FAR STRONGER

Defeated Holderness School
of Plymouth, N. H.,
35 to 14

SCORING EASILY
IN FIRST HALF

Visitors Played Good Game
in the Second Half and
Scored Twice

At Montpelier seminary campus yesterday afternoon Goddard seminary sprung a surprise on the Holderness school team and won the game of football by a score of 35 to 14. The attendance, which numbered close to 500, stood shivering on the sidelines and had hard work keeping warm. The Goddard team slightly outweighed their opponents and had little trouble in breaking through their interference. Watkins of the losing team was the star of the game, making many good tackles and showing good playing in the running line. He was closely followed by Jim Laird, the former Montpelier high school star. Goddard's backfield was rather evenly matched, all playing an excellent game. Bartlett's weight helping to a great extent. The Plymouth, N. H., lads were hard at tackling. When the game ended all the substitutes that were in uniform had a chance at the game. Open work was a way of forward passes and punts played an important part in the game, making good gains in many cases. The playing lasted well into darkness.

First Period.

Jim Laird of the New Hampshire team kicked off but the kick was blocked by Gilman and the ball was left in mid field in the seminary's hands. "Oyster" Laird of Goddard immediately punted, sending the nugskin along for 40 yards. A free fumble at this time again gave Goddard the ball. With the ball well down the field Goddard failed to make any gain on three rushes but fumbled, giving their opponents the ball. Holderness made four yards on rushes, then J. Laird punted for 30. Witt receiving, to bring it back half of that distance. Here a clean forward pass from F. Laird to Willey was accomplished which brought the ball to the one-yard line and would have been a touchdown but for a good tackle by Watkins. The next rush Bartlett was given the ball and easily placed it over. Witt kicked the goal.

Jim Laird now kicked off and Willey of Goddard received, placing the ball 30 yards from Goddard's goal. Here a double fumble occurred, Holderness first recovered, then J. Laird fumbled and F. Laird picked it up and made 15 yards. On three rushes Goddard failed to gain and "Oyster" Laird punted to Watkins for 20 yards. Two rushes netted Holderness seven yards; then an argument about K. Caver being off sides was settled by Goddard getting the ball. It was rushed directly toward the goal and Bartlett carried it over. Witt again kicked the goal.

Jim Laird kicked to Willey, who made 10 yards, but Goddard was penalized 15 yards for Quinn tripping. On the first rush F. Laird made an end run, carrying the ball the length of the field for the third touchdown that period. When Witt kicked the goal the score stood 21 to 0. He again kicked off, but before any gains could be made time was called.

Second Period.

Holderness was in possession of the ball on the 35-yard line. Goddard was hurried to see a forward pass from Watkins to J. Laird bring it to the 20-yard line. Here they were held for downs, making but a few inches. After one rush for five yards by Witt, Connor got through on a skin tackle play, making a touchdown, barely getting by H. Cavers, who made a good try at tackling. Witt kicked the goal. He kicked off, Watkins receiving and passing to Jim Laird, who made 10 yards. Watkins tried a forward pass which was fumbled and Goddard was penalized 10 yards for being offside. Again Jim Laird fumbled and Louden of Goddard recovered. Bartlett was given the ball and on a 25-yard run made a touchdown, but went out of bounds and was taken back 15 yards. Connor was rushed for nine yards; then F. Laird threw a pass which both Louden and Bartlett tried to get and as a result it was fumbled and a touchback was finally called. Holderness, in possession of the ball on the 20-yard line, made 20 yards, but lost the ball when Louden caught it on a pass from Watkins. By working two passes, both from F. Laird, one to Louden and the other to Keeffe, and a series of rushes, Connor finally went over for a second touchdown. Witt kicked the goal. He again kicked off to Watkins, who ran 10 yards to Goddard's 60-yard line and time was called for the first half with the score 35 to 0.

Third Period.

To begin the second half, Witt kicked to J. Laird. This period Goddard weakened and Holderness awoke. After a number of rushes Holderness had the ball well started when a fumble stopped them and Connor made a run of 20 yards for the seminary. He fumbled and Holderness recovered. A few rushes brought the ball down and then Watkins, Holderness' star man, slipped through Goddard's line and made their first touchdown. Jim Laird kicked the goal. During the rest of the period the ball was changed back and forth, neither side scoring again. In this period Goddard was penalized twice, once 20 yards for tripping, and again five for taking out extra time. Many of Goddard's men were taken out and subs put in in this period, which greatly weakened the team. Laird made one good pass to Watkins and both Watkins of Holderness and Connor of Goddard tried, but both were fumbled. F. Laird punted once for 40 yards and Bartlett once for 20. The period ended with Holderness holding the ball.

Fourth Period.

To open the fourth, Jim Laird punted to Watkins, who fumbled, and Watkins fell. A series of rushes brought the ball over; Jim Laird making the last, and placing it over. He

CLEANSES YOUR HAIR
MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous and
All Dandruff Disappears—Hair
Stops Coming Out

Surely try a "Danderine hair cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, luster and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Advt.

CHILD DISFIGURED
WITH PIMPLES

On Face and Hands. Got Larger,
Itching and Burning. Could Not
Sleep. Used Cuticura Soap and
Ointment. Eczema Gone.

Unionville, Me.—"My baby began to be awfully fussy and little pimples broke out on his face and hands. They began to grow larger all the time and a large scab formed. The child was very much disfigured and the itching and burning were so bad that he could not sleep. The little pimples came to a white head, and they festered and became running sores. He would try to scratch them and I used to keep his hands tied up or he would tear himself to pieces."

"I tried a treatment and afterward got some salve but they didn't do any good. I then read in the paper of Cuticura Soap and Ointment. I bought a bar of Cuticura Soap and a box of Cuticura Ointment and the eczema was soon entirely gone." (Signed) Mrs. Bosse Leighton, Jan. 31, 1914.

Samples Free by Mail

Retain your good looks, keep your skin clear, scalp clean and free from dandruff, and hair lustrous and glossy.
